Giving physicians what they need

We prioritize your patient's health and comfort above all else.

We're not just here for you. We're here because of you.

HCA was founded by physicians. Their purpose was to create an environment where healthcare can flourish. They believed the best patient care begins with giving physicians what they need.

Today, over 233,000 healthcare professionals, including over 37,000 active physicians, choose to treat their patients at an HCA facility. Our national network includes over 160 hospitals, 116 freestanding surgery centers, and over 60 urgent care facilities.

Healthcare with Integrity

Our physicians benefit from our dedication to providing:

- More voice** to our physicians, asking for input on our operations and offering leadership opportunities.
- More growth** through learning, administrative support, and extended reach to more patients.
- More time** to give better care with access to smoothly operating facilities and a network of rivaled peer expertise and clinical knowledge.
